

balterio

FOR EVERYDAY LIFE...

F O R E V E R Y D A Y L I F E . . .

You can enjoy the look and feel you've always wanted for your home

with Balterio Laminate Flooring by IVC US. From traditional warm cherries and rich chocolates, to cooler greys and blondes, the Balterio Collection has something to offer everyone, and solid performance benefits **for everyday life**.

Easier to care for than hardwood and able to endure more challenges and activities from your family, Balterio brings you both **beauty and performance**. Thanks to state-of-the-art technology, Balterio is able to achieve high-end natural looks and feels with less pattern repeats – providing your room with **more realism and splendor**.

It's extreme, high density core is actually **12% denser** than most other laminate flooring products, which gives Balterio flooring **exceptional dimensional stability** and **impact resistance** – perfect for busy feet, playful paws or animated toys. Add the subfloor, and footsteps become whispers.

Meet the Balterio Collection

The Balterio Collection offers something for everyone. Whether you're looking for that classic grandeur, a hint of rustic or a floor that commands attention, Balterio is sure to have the right match for your home.

Marrying Sophistication with Rustic Allure

The Heritage collection transforms casual, saw marked looks into rustic refinement. Chocolate browns, rich chestnuts and savory mahoganies add color and warmth to Heritage.

Capture Their Attention

Featuring striking looks with European twists, the Metropolitan collection offers unique options to tried and true woods of distinction.

Forever Timeless, Forever Stylish

Celebrate lasting beauty with Traditions; showcasing classic wood colors and designs of rich cherries, tropical fruitwoods and soft, hand-scraped character.

Why Balterio Laminate is the Right Choice

Achieves Realism Through Innovative Techniques & HD Printing

Balterio boasts several different innovative techniques to ensure your laminate flooring provides a more genuine representation of the natural look you desire.

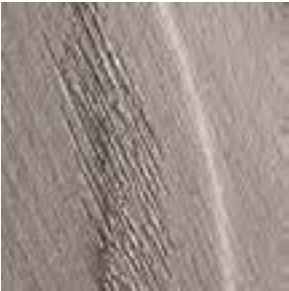

3D WOOD EFFECT
The new 3D Wood Effect emphasizes the natural depth of the wood grains by varying in gloss level from matte to satin and silk.

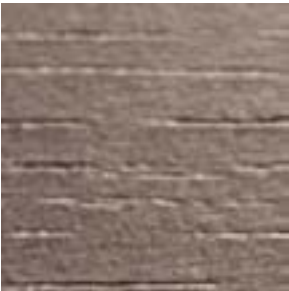

chrome zone
The exclusive Chromezone® technology enhances the True to Nature® touch by giving the wood grains a vivid and radiant luster on a matte surface.

True to nature touch
The embossed in register process gives you the feel of a solid wood floor.

Hand SCRAPED
The handscraped finish gives the planks a real craftsman's look, as if every plank was made by hand.

fine WOODGRAIN STRUCTURE
Creates the lifelike effect of a woodfiber structure.

oiled finish
Gives the impression of an authentic wood structure and creates a soft matte effect with a pleasant silky touch.

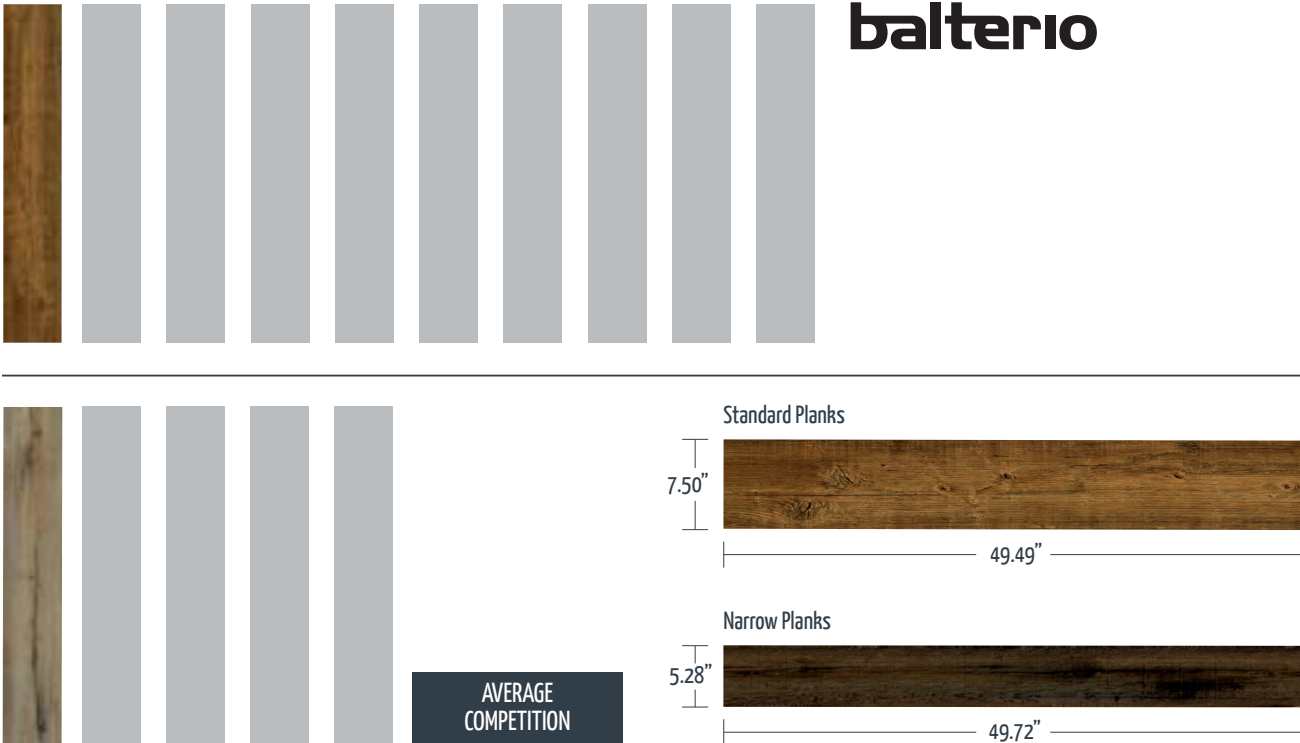

micro V-groove 4 sided
edgetec
Balterio created the subtle micro V-groove® for a unique wood plank appearance. The decor of the foil band on the edge matches perfectly the decor of the plank which makes the laminate hardly distinguishable from real parquet floors.

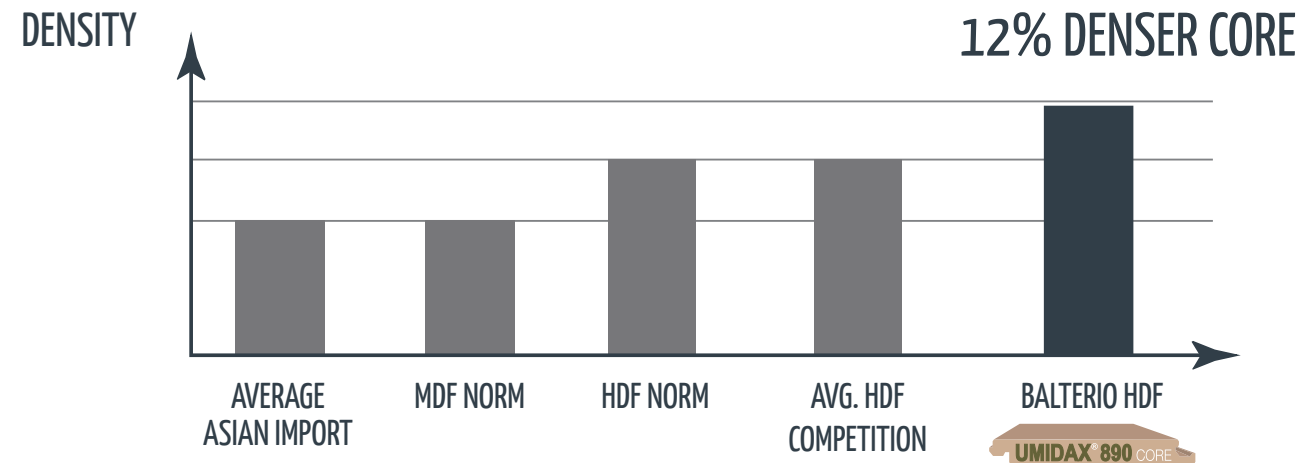

Large Patterns = More Variation = More Realistic

Your living space will feature less pattern repeats thanks to Balterio's larger patterns.

Plank repeats Balterio compared to the competition

Greater Density = Greater Performance

- ✓ SUPERIOR DIMENSIONAL STABILITY
- ✓ GREATER IMPACT RESISTANCE
- ✓ GREATER MOISTURE RESISTANT
- ✓ QUIETER UNDERFOOT

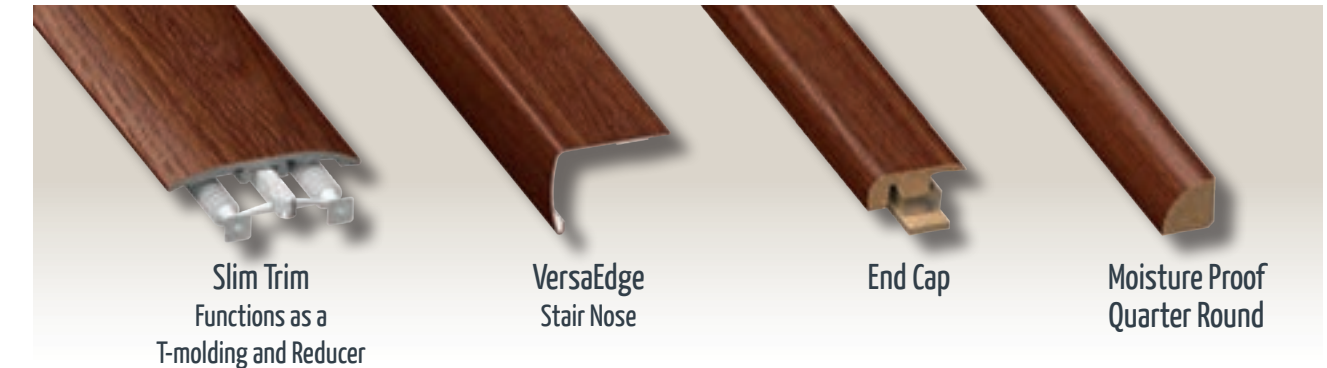

- Umidax® 890 Core Technology enables Balterio flooring to be 12% more dense than other laminate flooring for extreme durability
- Underlayment available to turn footsteps into whispers
- 10x's less formaldehyde than other laminate products
- Water resistant

Amazing hardwood look thanks to edgetec®. The decor of the foil band on the edge matches perfectly the decor of the plank which makes the laminate hardly distinguishable from real parquet floors.

Green by Design

When you choose Balterio Laminate Flooring for your home, you're making an **environmentally healthy choice**. Balterio is produced utilizing green manufacturing practices, such as converting waste material into energy during the production process.

In fact, **90%** of Balterio's energy comes from its own laminate power plant. Balterio products contain 10x's less formaldehyde than other laminate products. Plus, Balterio is PEFC-Certified, which **guarantees** the preservation of our forests. **For every tree that is used** in Balterio's production process, **another one is planted**.

How to Care for Your Balterio Laminate Flooring

Not only is your Balterio flooring exceptionally beautiful and durable, it's also easy to clean! Follow these cleaning tips to help keep your Balterio Laminate Flooring looking gorgeous for years to come.

For everyday maintenance, we recommend the following:

Use a vacuum cleaner with a soft bristle brush or dry electrostatic dust cloths for the floor, which attract dirt, dust and hair like a magnet.

If using a floor cleaner approved for laminate flooring, it's best to wipe the flooring lengthways along the panels, in an overlapping zigzag motion and with long strokes across the floor.

For really messy days, more intensive cleaning may be necessary. Although wet cleaning is not recommended because it can cause lasting damage to your floor when saturated, sometimes a moistened mop or cloth is needed. We recommend the following:

Clean your laminate flooring with a well wrung out mop or cloth.

Work the mop/cloth lengthways along the panels, in a fluent zigzag motion across the floor, without applying pressure.

Dry the surface thoroughly with a clean cloth (cotton/toweling) and remove any puddles immediately.
